

Ica.

Long Bio

Calgary-born and Toronto-based Ica., fuses together emotionally raw lyrics, stuck-in-your-head acoustic pop melodies, and powerhouse vocals to create folk-pop bliss. Her signature sound brings a vibe reminiscent of artists such as Mt.Joy, Lizzy McAlpine, and Julia Michaels. Her no strings attached approach to songwriting and performance aims to air out life's bittersweet lessons.

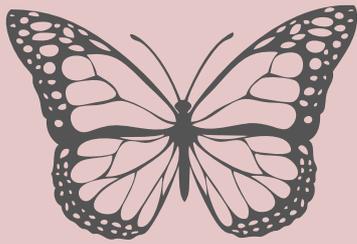

With over 4 years of performance experience in solo, duo, and band settings, Ica. has learned the importance of community, transparency, and sincerity in music and performance. She crafts and shares her songs on digital and in-person platforms in hopes of connecting and creating community through shared experience. Notable performances and stages Ica. has had the privilege of connecting with fans from are The Legendary Horseshoe Tavern, Sneaky Dee's, and Free Times Café. Currently, Ica. is eagerly awaiting her debut headline performance at Toronto's The Piston on Sept 8, 2022.

In between her active performance schedule and work within the Canadian Musicians Co-op (CMCI) *Pre-Professional Artist Program*, Ica. has been busy with preparation for the upcoming August 26, 2022 release of her heartbreak anthem "Best of Me" (BOM). Recorded and produced with the expertise of musician and producer Miguel Abuel, BOM reveals the bittersweet consequences associated with love and its often-misaligned timing and heartbreak. Having used music to heal her own experiences with heartbreak, Ica. hopes BOM will provide catharsis, support, and an outlet for others to grieve and heal.

"Music is more than melodies and lyrics. Music is feeling, emotions, expression, and creation. It's a language and energy that has the power to heal and transform lives, and bring people together for a cause greater than themselves. Music is what saves us as individuals and as a collective whether we're conscious of it or not." - Ica.

Come September Ica. will begin her music 3rd year of Bachelor of Music - Voice studies at Humber College with a focus on songwriting and contemporary/ pop arrangement.
