Ica.
Medium Bio

Calgary-born and Toronto-based Ica., fuses together emotionally raw lyrics, stuck-in-your-head pop melodies, and powerhouse vocals to create folk-pop bliss. Her signature sound brings a vibe reminiscent of artists such as Mt.Joy, Lizzy McAlpine, and Julia Michaels. Her no strings attached approach to songwriting and performance aims to air out life's bittersweet lessons.

With over 5 years of performance experience in solo, duo, and band settings, Ica. has learned the importance of community, and authenticity in live performance. The most recent and notable stages she has performed on are The Legendary Horseshoe Tavern, Sneaky Dee's, The Painted Lady and Free Times Café to name a few.

When not performing or participating as a part of the Canadian Musicians Co-op's Pre-Professional Performing Artist Program, Ica. has been busy volunteering and giving back to the Toronto community with "Sing It Girls!", a program that aims to empower girls ages 7-15 to use their voices.

Currently Ica. is writing new music for release in late 2023 and in preparation for her upcoming 4th year of Bachelor of Music – Voice studies at Humber College.
